

This is the newest off the press window cling for the INSIDE of your car windows. They don't come off in the car wash and no one can steal them off your car! They are ¼ of a 8 X 11 sheet of paper. They were selling like hotcakes at Grand Lodge. Cost is only \$2.50 and profits go the Grand Bethel. I will have them with me at Installations and they will be available at Jamboree. They would be great to have on your car when you drive to Supreme Session this year and next. Let the world know Wisconsin loves Job's Daughters!
